

The Lost Tank

Enachi Vasile

affiliation: <Faculty of Automatic Control and Computer Engineering, Iasi>,

email: <enachi98@gmail.com>,

academic year: <2018 - 2019>

- Gameplay:** The player must defeat enemies to progress through levels. You can use the trees and mountains to defend yourself from enemy projectiles. If you destroy trees and enemies there is a chance that one of the three types of cuffs will appear at their death.

Red – health + coins

Yellow – coins

Green – upgrade + coins

Try not to destroy towns and try to prevent enemies from destroying them as you will lose points.

- Plot:** You are an american tank lost in German territory during the WWII. Your goal is to defeat enemy tanks and get back to Allied lines. You also need to be careful as the Germans have a secret powerful weapon that has begun to be used on the front. Try to use german technology knowledge to upgrade as fast as you can, as more powerful enemies are waiting for you.
